EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas B. Ryan on 06/22/06. The application has been amended as follows:

In the claims:

Claims 7-8. (cancelled).

Claims 16-17. (cancelled).

REASONS FOR ALLOWANCE

2. Claims 9-13 and 18-22 are allowed in light of the Applicant's amendment and arguments. The following is a statement of the examiner's reasons for allowance. The present application relates to portable displays such as head-mounted viewers. Regarding claims 9 and 18, the prior art fails to disclose or clearly suggest the claimed configuration as a whole in combination with the phase adjuster for rotating polarization of the transmitted image light en route to and from the reflector. The claimed invention is therefore considered to be in condition for allowance as being novel and non-obvious over prior art.

3. The prior art taken either singly or in combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 USC 102 or 103

Art Unit: 2873

would be improper. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
